May is Healthy Vision Month

You are cordially invited to attend a live demonstration of smart technology designed for people with blindness & visual impairments, hosted by:

The Division for the Visually Impaired & Easterseals Resource & Technology Demonstration Center

May 18, 2017
1:00 - 4:00
Easterseals
61 Corporate Circle
New Castle, DE 19720

Registration is required
Click here to register
or call 302-255-9810

Experience the Capability of the Following Products
OrCam - advanced wearable assistive technology allows you to hear any text, appearing on any surface. Recognize the faces of people in your life. Identify supermarket products and money notes. Learn about OrCam here.

NuEyes - wearable technology with voice activated magnification and text-to-speech, designed for the visually impaired. Learn about NuEyes here.

Aira - Visual interpreter for the blind provides the user access to real-time assistance from an live operator. Learn about AIRA here.

The afternoon also includes the following presentations:

Easterseals - an introduction to the Resource & Technology Demonstration Center and an overview of FYI-Finance Your Independence program.

ServiceSource - $tand By Me Financial Coach and Certified SSA Benefit Counselor will provide examples of how your Social Security benefits may help offset costs of assistive technology and also explain benefits of financial coaching.
